

ELECTRICIANS ANGERED BY THE COLOR QUESTION

Bitter Words Spoken in Debate--Even Violence Advocated to Drive Negroes From Trade.

Differences Between Linemen and Wire Workers May Cause Split in Order--Socialism an Issue.

THE discussion of what should be done with the negro in the electrical branch of the trades union precipitated a storm in the International Brotherhood of Electrical Workers' convention yesterday. Nearly the entire day was consumed in the consideration of this matter, and the negro was handled in a rough manner. Southern blood was stirred to a fiery heat and the debate was so scathing and savored so much of fire and brimstone that the whole proceedings were wiped from the records for fear of the results that might follow their publication as a part of the records of the convention. There were many who heaped curses upon the negro who sought to fill the white man's place in labor circles, and some even went so far as to assert the belief that foul means were justifiable in dealing with the hordes of blacks who were a menace to the principles of unionism in the south. Although the I. B. E. W. will not permit negroes to affiliate with it, they are recognized by the Federation of Labor and any action by the I. B. E. W. against the negro would array the electrical workers against the parent body, the federation, which might be disastrous to the I. B. E. W. For this reason the proceedings on this matter were blotted out and the electrical workers will fold their hands and let the non-union negro work, though it be a sin and wormwood to them.

Split May Be Result.
Besides this matter, which has thrown the organization into turmoil, other matters were developed which it is predicted will split the I. B. E. W. asunder inside of six months. Differences, political and of other kinds, have arisen between the linemen and the wire workers. It is proposed that as a result of these the linemen will bolt the organization. The socialist element has also succeeded in getting a Socialist constitution, and this has opened a political gulf which will be difficult to bridge. In fact, it is believed that the socialist members of the organization that there will be some upheavals in the I. B. E. W. before the expiration of the year.

Discuss Negro in Morning.
When the morning session opened yesterday the question of what should be done in the south with the negroes who are filling the places of white men who have been driven out by the war. The mentioning of the subject was like touching a match to powder. In a moment the blood of every man in the hall was boiling, and his thoughts were expressed in language more than a little violent. It was permitted to pass through the mails.

Representatives from the southern unions stated that south of the Mason and Dixon line the charge of having murdered white men is leveled against white members of the I. B. E. W. It was pointed out that nearly all the places which in the north are filled with white men are filled by negroes in the south who have no unions and who will work for comparatively nothing.

"I was born and raised in the south," said one man, "but I had to leave there to make a living. Had I remained there I would have had to go out and shoot the negroes."

ANOTHER "GOOD" CITIZEN

TOO BUSY TO SERVE THE PUBLIC.

ATTEMPT AT SUICIDE

Wealthy St. Louis Business Man Shoots Himself at Buffalo, But Is Not Badly Hurt.

Buffalo, N. Y., Sept. 23.—Reed Northrup, a wealthy St. Louis business man, attempted to commit suicide yesterday by shooting. The bullet, however, merely inflicted a superficial wound in the scalp. Northrup, who is a brother of Sanford Northrup, who killed himself here last June in a fit of despondency as the result of sickness. The Northrups are cousins of the Goulds.

Reed Northrup came to St. Louis several years ago as the president of the American Refrigerator Transit company. He retained this position until last spring when the company was absorbed by the Missouri Pacific railroad. The absorption abolished the company, and Northrup, who was secretary, with the company was severed. Since then Northrup has not been identified exclusively with any other business interests.

St. Louis, Mo., Sept. 23.—Reed Northrup, who reported attempt at suicide at Buffalo was unsuccessful. A brother of Sanford Northrup, who killed himself here last June in a fit of despondency as the result of sickness. The Northrups are cousins of the Goulds.

ENGINEER MANGLED UNDER THE WHEELS

Whitcomb, Wash., Sept. 23.—Engineer Simmons, in charge of a freight train for the Northern Pacific, was killed near Lawrence this afternoon. The train was going at a good rate of speed when he saw a small washout ahead. He reversed the lever and told the fireman to jump. Simmons jumped ahead but his clothing caught, throwing him under the wheels of the tender. He was killed instantly while the fireman escaped uninjured. The train passed safely over the washout and stopped on the other side. The dead man's family lives in Seattle.

LESS HOPEFUL FEELING

Events of the Next Two Days Awaited With Great Interest at Sofia.

Sofia, Bulgaria, Sept. 23.—A less hopeful feeling prevails today in government circles regarding the general situation, although no actual change is reported. The events of the next two days are awaited with great anxiety, and the public feeling is becoming more depressed. A largely attended meeting of Macedonian sympathizers held at Ruschuk, Bulgaria, Sept. 22, adopted resolutions appealing to the Bulgarian government to declare war on Turkey immediately.

In revolutionary circles war is believed to be imminent unless Turkey stops massacres of the Christians, of which there are no signs at present. Dr. Christo Tatarschiff, president of the Macedonian organization, has formed the Associated Press correspondent that the insurgent committees attach no significance to the reported negotiations in regard to the alleged attempt at jury bribing in this county at the time of his first trial. His statements were taken down by a court stenographer and were sworn to.

Sutton's fine of \$2,000 is the amount paid by the other men implicated in the conspiracy. Sutton, who was sentenced to life in prison, was released today. He was now free to come and go as he pleased, indicating that he is as secure as before. Judge West gave him a severe scolding and then imposed a fine of \$2,000, which Sutton immediately paid.

It is understood that Sutton, during the time he was cloistered with Judge West, Prosecutor McArthur also being present, related everything within his knowledge in regard to the alleged attempt at jury bribing in this county at the time of his first trial. His statements were taken down by a court stenographer and were sworn to.

TRAIN HELD UP NEAR PORTLAND

Bandit Shot Through the Heart By Express Messenger.

ENGINEER ALSO WOUNDED
DISASTROUS ATTEMPT TO ROB O. R. & N. EXPRESS.

PORTLAND, Ore., Sept. 23.—The Atlantic express on the Oregon Railroad & Navigation line, which left here at 8:15 p. m., was held up by four masked men at 9:30 tonight near Corbett station, twenty-one miles east of this city. One of the robbers was shot and killed by Express Messenger Fred Korner, and Engineer Ollie Barrett was seriously wounded by the same bullet. After the shooting the robbers fled without securing any booty.

Two of the highwaymen boarded the train at Troutdale, a station eighteen miles east of here, and after the train had got under way they crawled aboard the tender and, covering the engineer and fireman with revolvers, told them to stop at mile post 21, which is near Corbett station.

Carried Dynamite.
When the train slowed down two more men appeared. Two of the robbers compelled the engineer to get out of the cab and accompany them to the express car, while the others watched the fireman. The men carried several sticks of dynamite, and when they came to the baggage car, they threw it as the express car, threw a stick at the door. Express Messenger Korner secured his rifle and opened fire. The bullet pierced the heart of one of the robbers and went through his body. Barrett, the left breast of Engineer Barrett, who was just behind him, Barrett's wound is above the heart and is not necessarily fatal.

Robbers Fled.
After the shooting the other three robbers fled, leaving a trail of blood and booty, and it is supposed they took a boat which they had moored at the bank of the river. The point where the hold-up occurred is on the bank of the Columbia river, and the point where the robbers fled is on the Washington shore or come down the river to this city.

The robber engaged Engineer Barrett to walk in front of him while he was approaching the baggage car, but he jumped behind just before the shot from the express messenger's rifle was fired.

Body Left Behind.
The body of the dead robber was left beside the track and that of the wounded engineer placed on board the train, which was run to Corbett station, a distance of six miles, by the fireman. An engine and caboose from The Dalles hauled the engineer to this city, arriving at 12:30 a. m., and he was taken to St. Vincent's hospital. Sheriff Story and four deputy sheriffs left on a special train for the scene of the robbery at 12:45, but they have not yet captured the robbers, as the country on both sides of the river is rough and heavily timbered.

The Oregon Railroad & Navigation company late tonight offered a reward of \$1,000 for the arrest of the highwaymen. It is believed that the robbers are amateurs for the baggage car for the express car. The door of the car was badly shattered, but the trucks were not injured, and it was not detached from the train.

Engineer Barrett is one of the oldest men on the road, having been in the employ of the O. R. & N. company for twenty-five years. Express Messenger Fred Korner is known as one of the best men in the employ of the Pacific Express company.

ERRONEOUS REPORT.

Denial of the Story That a Slide Occurred at Frank.

Spokane, Sept. 23.—Advices to the Chronicle from Nelson, B. C., state that a heavy rumbling sound, which was a slide was heard near Frank, Alberta, about 3 o'clock yesterday morning. It is believed that a great slide of rock occurred on the bank of the Columbia river, and the report that it was abandoned by the inhabitants is denied.

Butte, Sept. 23.—H. F. Frank of Butte, owner of the Frank coal mines at Alameda, said today that the story of a slide was a result of his reflections on the shooting of the British cruiser Powerful's guns at the siege of Ladysmith. Lieutenant General Sir Archibald Hunter, commanding the forces in Scotland, said:

The South African war commission was appointed to investigate the facts and opinions. I am no more infallible than any one else, but right or wrong in my opinion before the commission, I pronounced the opinion which I believe to be true, that the shooting of the naval guns at Ladysmith was bad. So far as I am concerned the matter rests there."

WYOMING INSISTS UPON INSPECTION

Cheyenne, Wyo., Sept. 23.—Today a new proclamation was issued by Governor Chatterton forbidding the entry of stockholders or inspectors upon entering the state by the state veterinarian or deputies. Notice must be given of intention to enter the state.

MARKET OVERSTOCKED.
Pittsburg, Sept. 23.—The United States Steel corporation may close all its sheet steel plants in the near future unless the Anaconda association will consent to a recommendation under the same plan as was agreed upon last fall. The reason for this attitude is an overstocked market and the dullness of trade at this time of year.

MAN AND WOMAN PACING AGAIN

Gruesome Find of a Chicago Newspaper Carrier.

EACH HAD BEEN SHOT TWICE
SOME MYSTERY CONNECTED WITH THE CASE.

CHICAGO, Sept. 23.—Early this morning the dead body of a man and woman were found on Lexington avenue just south of Fifty-fourth street. Both had been shot twice and, while there are indications that the man shot the woman and then killed himself, there are other features to the case that make it somewhat mysterious. Arthur M. Laurie, with whom the dead woman had made her home, will be held until the inquest. There is no evidence connecting him with the shooting, but he is detained as a witness. The shots that killed the man and woman were heard by residents of the neighborhood about 1 o'clock last night. No movement was made to investigate the shooting, however, and nothing was known of the tragedy until this morning, when the bodies were discovered by a newspaper carrier.

Woman's Body Identified.
The body of the woman was identified in a short time as that of "Mrs. Laurie," but when Laurie was brought to the police station he said it was not his wife, and that he did not know the man whose body was found with hers.

Tonight in going through the effects of Miss Weber an envelope was found addressed, evidently in the handwriting of a man, to Innocent Talamini, who is known to the police. The officers identified the dead man as Talamini himself. No cause is known why Talamini should have shot his wife, but she had told several of her friends the day before of a Jew who had been following her, and of whom she was afraid. Talamini has a Hebrew countenance, and it is the general theory that he shot her because she refused to marry him.

Third Party Theory.
The woman, who had been shot twice through the left arm and through the breast, Talamini was shot twice, once through the neck and once upward through the chest. There was a bullet in the top of his head. In the man's hand was a revolver with four chambers discharged, accounting for the four shots fired. The man was living in the neighborhood where the tragedy occurred, and more than one man was seen to enter and one to leave the house. A car was seen to crash through the window of Mrs. S. Caswell at 540 Lexington avenue. These facts have led the police to believe that there may have been a third party to the shooting, although there is so far no direct proof that such was the fact. The Weber woman was a resident of Detroit, having come here from that city several years ago.

Summation.
2:08 class pace, won two straight in the United States, won the last night. Special agent, won the last night. 2:08 class pace, won two straight in the United States, won the last night. 2:08 class pace, won two straight in the United States, won the last night.

Secret won't be told.
